**The Finest Hour at Plumb Library**

By Anne O'Brien-Kakley

Michael Tougias, co-author of *The Finest Hours: The True Story of the U.S. Coast Guard's Most Daring Sea Rescue*, will be presenting a slideshow on a 1952 Coast Guard rescue off the coast of Cape Cod at Plumb Library on July 28. The slideshow details the harrowing rescue of the *Pendleton* and the *Fort Mercer*, two oil tankers that, in a seemingly impossible coincidence, both split in half during a vicious nor'easter. 84 men were trapped in the bows and sterns of the two fatally wounded ships, and there was little hope for rescue. What ensued was a dramatic rescue mission with 70 men surviving despite the odds.

Mr. Tougias, a Plymouth resident, describes the 1952 rescue as "ordinary guys who did the seemingly impossible." Not only was it incredible that two oil tankers should both be ripped apart simultaneously in such proximity to each other, but that so many men were rescued. The waves in this storm were larger than the Coast Guard rescue ships; some of the eyewitnesses described the successful rescue as being guided by "divine intervention."

Mr. Tougias collaborated with author Casey Sherman to write this fast-paced chronicle of the 1952 disaster. After four years of research that included poring over Coast Guard documents, interviewing survivors, and reading eyewitness accounts,

The celebration wrapped up on Sunday, July 19 after a week of dining adventures, live entertainment and craft fair fun. Thousands of visitors flocked to the Mattapoisett waterfront for this annual event now in its twenty sixth year. Proceeds from the celebration help to fund many of the Club's charitable endeavors, including the Massachusetts Lions Eye Research Fund. Photo by Robert Chiarito

Mr. Tougias and Mr. Sherman took a year to write the book based on their exhaustive research.

Customer reviews of *The Finest Hours* on Amazon.com are favorable; the book has achieved the coveted five-star rating and gathered thirteen glowing reviews from readers who "couldn't put the book down." Tougias says that the book is popular

*The Marion Tigers ended their season as league champions in the Marion and Mattapoisett South Coast Youth Baseball Alliance. The Tigers finished their season with a record of 17-5. Game three of the series final was played on July 6th at Town Field in Marion. Both teams had won one game each entering the final. The game ended with a final score of 15-2 the Tigers defeating the Rangers of Mattapoisett. because it shows a group of average people doing the extraordinary. The story of the 1952 rescue mission appeals to readers because it is a tale of survival, grit, and camaraderie.

Although the story has not yet been picked up by Hollywood, Mr. Tougias remains hopeful that this tale will someday see the silver screen, especially with Plymouth Rock studios slated to open in 2010.

At the slideshow presentation, Mr. Tougias will tell the gripping story of the fated ships, the *Pendleton* and the *Fort Mercer* through pictures, and will detail the heroic efforts that brought such a favorable ending to the catastrophe. Join Mr. Tougias and enjoy his fascinating presentation at the Plumb Library on July 28 at 6:30 pm.

The Choreographer of the show is Lucy Record. Ms. Record summers in Wareham, but lives the rest of the year with her family in Los Angeles. *The Wiz* marks her tenth year and show with the Burt Wood School.

"My husband is originally from this area and we bought our summer home in Wareham from his aunt and uncle in 1996," said Ms. Record. "We were at a show in Wareham and during the intermission, we got to talking with Lorna. She told us about the Burt School and I told her that I am a choreographer. She said that we should work together. It was obviously too late to do so that summer, but we kept in contact and I eventually started working here. Consistently, this has been one of the highlights of my year."

The *Wiz* features 56 kids that have had 20 practices over a four-week period. During the intermission of the show, a film featuring Burt Wood students will be shown. It will be a parody of the *Twilight* books and film and the hype that surrounds them. The *Wiz* will debut in the air-conditioned Wayne Caron Auditorium at Middleboro High School on Saturday, August 1 at 7:00 pm and Sunday, August 2 at 1:00 pm. Tickets are \$15. lack of opposition in the audience to the proposed water tower. When this issue was last discussed in March, there was some debate over relocating the water tower. Members of the Bay Club did not want the new tower to be placed within their view, whereas the town didn't want to incur the costs of moving the site. The proposed site change was ultimately accepted because the town did not want to engage in lawsuits and appeals for the next 18 to 24 months.

Water department superintendent, Mr. William T. "Nick" Nicholson, presented the plans for a new tower that would need a variance for height, which is not going to exceed 99.5 feet. Mr. Nicholson said that, after the construction of the new tower, the older 1913 tower would be dismantled. There were no abutters in the audience to express opposition.

The public participation phase ended at 7:00 pm, and the board deliberated shortly thereafter. Board chairman Mr. Jeffrey T. Chase expressed relief at the lack of opposition, saying that this topic had been "hashed over" many times. The board hoped that the town would be able to sell the old water tower plot to help offset the money lost over the course of the long debate.

The board motioned to accept this proposal at 8:00, and unanimously voted in favor.

Another application of note belonged to Ms. Janice Weber and Mr. John Newton of 3 Tupola Lane who were looking to build a carriage house that would serve as a garage and woodworking studio. The board had many questions concerning the proposed two-story carriage house, because it would

Since the board was particularly concerned with the structure being used as a rental property in the future, they drafted several conditions before approving the application. Among the conditions was that the carriage house was not to be lived in at night.

The meeting was adjourned at 8:02 by Chairman Chase.

ing the minutes of the July 6 meeting and executive sessions. Since there were no people scheduled to speak, the Board continued onto the correspondence section of the meeting.

The Massachusetts Department of Revenue has proposed an optional local tax of .75% on meals, with the funds staying in the communities choosing to accept the tax. For Rochester, the approval of such a tax would amount to approximately \$11,000 yearly, and the tax would have to be implemented by August 31. Selectman Parker said that she did not support the tax since it would not create sizable revenue in a town like Rochester where the restaurant and hotel industry is small. Selectman Nunes said that the tax would only be worthwhile if a larger restaurant or hotel came to Rochester. No motion was made.

SEMASS made a payment of \$283,130 in lieu of taxes for the month of June. Mr. LaCamera announced that the moratorium on building new waste energy facilities is finally being lifted. Selectman Morse commented that methane exuded from regular landfills is contributing to global warming, and Chairman Nunes agreed, saying that the moratorium lift will be "good news."

The topic of the meeting shifted to state-wide cut-

backs, and Mr. LaCamera announced that Rochester would not be seeing any of the stimulus package money. Mr. LaCamera met with Lieutenant Governor Tim Murray recently to discuss the allocation of stimulus package money, saying his "shovel was ready" to deal with Lt. Governor Murray's response. In the end, towns with a population under 35,000 will not be seeing much from the stimulus package. Rochester will not receive any stimulus help for roads, the town hall, or the library.

Mr. LaCamera used the state cut segue to discuss a meeting that he and other town administrators will be attending in Worcester regarding

regionalization. Chairman Nunes noted that many budget-strapped communities are turning to regionalization to ease financial burdens. Mr. LaCamera responded that Rochester has already done quite a bit to ease tax-payer burden by regionalizing town accountants, recycling services, animal control, and veteran services. Chairman Nunes hoped that the town could regionalize even more, if needed. Selectman Parker commented that it is easier to share personnel than to share location.

The Board moved onto the correspondence that stated ORR's recent audit showed a \$30,144 deficit. Mr. LaCamera said that Superintendent Dr. William Cooper was keeping a close eye on the budget and was "doing a great job," expressing further that "no one is being laid-off or anything."

The Board then discussed the addition that is planned for Rochester Memorial School. The addition will be a "green project," meaning that it will be designed with ecological living in mind. Selectman Parker asked if the project would include solar panels, but Mr. LaCamera stated that solar panels are too expensive in an ideal economy and will not be included in the final project. The addition will provide 16 new classrooms. This project will be discussed at the planned fall town meeting.

## Animal Advice

### Jay Gould, DVM

#### CANINE DIARRHEA

*My dog has had diarrhea more than once a week for the past month. He eats dog chow and table scraps. Occasionally there is blood in the stool and he can't always control himself and messes indoors. What can I do?*

The key to controlling illness is getting a correct diagnosis and then treating the problem appropriately. First, have your veterinarian examine a stool specimen to check for intestinal parasites. Stop feeding your dog table scraps. If no parasites are found and stopping the table scraps does not resolve the problem, try changing the diet. Eukanuba brand dog foods are often helpful in resolving intestinal upsets in dogs.

*What if the problem continues?*

If you have done the 3 steps described above and the dog still has diarrhea, it is time to have your veterinarian evaluate the dog and possibly perform additional tests in order to obtain a diagnosis. This is especially important if your dog lacks his normal energy level, is losing weight or has an uncharacteristically poor appetite.

## BIG FUN on the BIG SCREEN

### Spoon Man at the Mattapoisett Library

Come and get "spooned" at the Mattapoisett Free Public Library on Tuesday, July 28 at 11:00 am. The "Spoon Man" offers a hilarious interactive comedy program for all ages. His program contains several outrageous impressions such as Glen Miller, Elvis, a heavy metal spoon player and a rap spoon player. He has an audience sing-a-long competition and creates the Mountain Band from members of the audience. Don't be surprised to see him play forks and knives as well. The Spoon Man, also known as Jim Cruise, has performed for Mikhail Gorbachev, former President Ford, and for fairs and festivals around the country.

After the performance, "Spoon Boy" a 124 page soft-cover chapter book on how Jimmy got started playing the spoons, will be available for purchase, along with an instructional DVD and trainer spoons.

This program is supported in part by a grant from the Mattapoisett Cultural Council, a local agency supported by the Massachusetts Cultural Council, a state agency, and by the Friends of the Mattapoisett Library.

This "spoonful" of family fun is part of our

### St. Philip's 125<sup>th</sup> Anniversary

This is a special year for St. Philip's Episcopal Church at 34 Water Street, Mattapoisett. Services were first held in the church in July 1884 and have continued to be held every summer for the last 125 years between early July and early September.

St. Philip's was designed by J.S. Hammond of Mattapoisett and built in 1884. The chancel window facing the harbor was installed in 1969 and depicts St. Philip, a fisherman and carpenter by trade, with his fishing basket and carpenter's tools. Around him are shown three fish native to Buzzards Bay: a scup, a striped bass and a bluefish.

The window also includes a catboat, compass rose, Seal of the Church, Great Seal of the Town of Mattapoisett and the whale -- a reminder of Mattapoisett's early connection with the whaling industry.

This summer's services will be held through Sunday, September 6. Holy Communion is celebrated at both the 8:00 and 10:00 am services. All are

### ORR Nursing Scholarship

The Community Foundation of Southeastern Massachusetts has awarded a college scholarship to a 2009 graduate of Old Rochester Regional High School. One of three George Earl and Katherine Hartley Church Scholarships was awarded to Janine Price of Mattapoisett, an ORRHS graduate. She will receive a \$1,000 scholarship to study nursing at UMass Dartmouth. The other two Church Scholarship recipients are New Bedford High School graduates.

Janine was involved in a host of activities at ORRHS and in the Mattapoisett community, including field hockey, co-editor in chief of the yearbook, Captain of the Spring Track Team and Student Council Officer. Among the many awards she has received were the Principal's Recognition Award for two years, sportsmanship awards, and the Presidential Community Service Award for two years.

Lifelong Rochester resident George Earl Church established the scholarship fund at the Community Foundation last year to honor the memory of his late wife, Katherine Hartley Church, who worked as a nurse her entire professional life. It is targeted for students from specific towns and high schools who wish to study nursing.

The CFSEMA committee that reviews the scholarship applications include: The Standard-Times' Credit Manager Jill Ussach; Chair Eileen Farley; Margherita Baldwin, Seth Garfield, Albert Lees III and George Oliveira, CFSEMA board members; Kate Larisa from the Patrick Carney Foundation; Lorraine Khazan from PACE; and Mary Schwartz, who was a member of the Lewin Scholarship Foundation when it merged with the Community Foundation.

### League of Women Voter's Phone Book

The United States Post Office has distributed the 2009-2010 edition of The League of Women Voters' Phone Book to every postal patron in Marion, Mattapoisett and Rochester and to our wonderful and valued advertisers and supporters. If there has been an oversight and your mailbox was missed, please check with your Post Office first, and then with The Bookstall in Marion, Mailbox Services in Mattapoisett, and The Hitching Post in Rochester, all who have graciously agreed to be a repository for our limited number of extra copies.

And again this year, The League wants to thank the Post Office staffs in Marion, Mattapoisett, and Rochester, who have been so accommodating and helpful in this massive distribution effort. Special thanks go to John Morrison and the staff in Marion who handle all the paperwork and the staff in Rochester who oversee the distribution of The Blue Book. As always, they were pleasant and efficient. We couldn't do it without them!

And finally, the League and the residents of the three towns would like to thank our valued advertisers for making the Blue Book possible.

### ORR High School Summer Hours

The Old Rochester Regional High School's summer hours are 9:00 to 11:00 am, Monday through Thursday. The office is closed on Fridays. Summer hours began on July 6 and will run through August 21. If your concern requires immediate attention please contact the Superintendent's Office at (508) 758-2772 ext. 1956.

### Mattapoisett Tree Committee

The Mattapoisett Tree Committee is committed to preserve and protect trees in our town. This also includes caring for the memorial trees that families have planted on town property. A new tree has been planted at the old Center School entrance to replace an aged tree. The Correia Tree was dedicated in the memory of Deidra Correia who attended Center School where her father had also gone to school as well. The original tree was given by the children of Center School. Now, the Tree Committee has generously given and planted the new tree.

If you would like to make a donation or contribute to a memorial tree for someone in your family, you may send a check to the Town of Mattapoisett for the tree committee. We will be happy to work with you as to a proper choice of tree and

- Drop-in Activity Days are every Friday and Saturday during the summer program at the Library. Instructions and materials are available in the Children's Room during regular Library hours. The Library is located at 8 Spring St., Marion. For more information, call the Library at (508) 748-1252, check the website at [sailsinc.org/marion](http://sailsinc.org/marion) or email Rosemary Grey, Children's Librarian, at [rgrey@sailsinc.org](mailto:rgrey@sailsinc.org).

## Mattapoisett Free Public Library

- The Junior Friends of the Mattapoisett Free Public Library is a non-profit youth group that aims to provide young people in the sixth grade and above with opportunities for personal enrichment through community service. Membership is free and open to any library cardholder who is a seasonal or year-round Mattapoisett resident. We assist the library through fundraising and other volunteer efforts.

Volunteers are needed to assist with library programs including story times, crafts, teaching chess, computer skills, sort and stack books for the annual book sale, help with the children's annual lawn games and summer reading program, and promote the use and enjoyment of our beautiful library.

- This year, we hope to raise \$600 in order to secure a license to show movies at the library. Although the library has hundreds of DVDs available to patrons, copyright laws require that a library hold the proper license to show movies to the public at large. Tax deductible donations may be sent to: Movie Fund, c/o The Friends of the Mattapoisett

## Building a Healthy Community at Marion Family Chiropractic

Step into the reception room at Marion Family Chiropractic, and you will see something special is happening there.

You will see an infant who had colic. Her parents are happy she seems more comfortable . . . and that they can finally get a good night's sleep.

You will see a mom who has had headaches and neck pain since she and her daughter were in a car accident a few months ago. She is with her daughter, who is having her spine checked for proper alignment and movement so she won't develop arthritis decades after the accident.

You will see a high school athlete who is coming in to make sure his spine is in alignment so he can be at his best in the big game tonight.

You will see an elderly neighbor who had pain shot down her legs. She had been told that with her degenerated discs and osteoporosis, there was nothing anyone could do. She's now feeling better than she has in decades.

You will see an office worker who came to the office for numbness in her hands. She would like to try a more conservative option than carpal tunnel surgery.

You will see a waitress who had suffered through her heavy work and foot pain for years, and finally has decided to take care of herself and live pain free.

How does chiropractic care work well for so many different people?

"More than anything," Dr. Alicia Crabbe explains, "chiropractic care is about allowing a person – from infants to seniors – to express their best health."

Chiropractors correct vertebral subluxations, tiny misalignments or dysfunctional vertebrae in your spine that interfere with the optimal performance of your nervous system. The nervous system is key to communication in your body, and it must be clear of interference for you to function and feel your best.

- A chess club meeting with Mark Hall will be held on Wednesday, July 29, from 6:30 to 7:15 pm. Bring your chess set and learn some new strategies for your game!

- This year we have decided to have our program become a charitable effort. Rather than receive a lot of prizes ourselves, we will be earning money for GiftsToGive, a non-profit agency in New Bedford. They repurpose donations of toys & clothing for children and purchase new underwear, socks and school supplies for children in need. You can learn more about their efforts by visiting their website, [giftstogive.org](http://giftstogive.org). Many students from Old Rochester Regional High School have volunteered at their New Bedford location helping paint and assemble shelving units. Several continue to volunteer, helping sort and repurpose donations. Parents, businesses and anyone interested in supporting the children in their effort to help others, are invited to make a donation. Further details are available by contacting Mrs. Burke at the library at (508) 758-4171.

### Plumb Library Events

# EDITOR'S PICK OF THE WEEK

"Idle hands are the devil's workshop." – Anonymous

For those who enjoy wasting hours of time seeking validation through high trivia scores, there is Sporcle.com. Sporcle is the answer for web-surfers like me, who accrue interests over the years and occasionally need to purge the random facts taking up precious space in their brains.

If you are the type of person who has been a student of pop culture for years – if you are the type of person who memorizes maps because *why not?* – if you are the type of person who will lose sleep when you can't remember *all* the lyrics to the "Charles in Charge" theme song – this is your new virtual stomping ground.

Matt Ramme started the Sporcle website in 2007 to cultivate his own love of trivia. From March 2009 to June 2009, Sporcle increased its traffic by 47%, showing that there are a lot of trivia seekers out in cyberspace. Although the purpose of the website is mostly distraction and time-wasting, the site can be helpful to students who want to learn through repetition and self-testing. With a multitude of geography tests and language quizzes, it's the most enjoyable way to prepare for a test.

There is a quiz on every topic on Sporcle: from Simpsons' trivia, to listing famous clowns, to 80's sitcoms, to listing the shortest presidential administrations; Sporcle has quizzes that will access every dusty memory from the corners of your brain. Included in the top ten popular Sporcle quizzes are: U.S. States, U.S. Presidents, Countries of Europe, Countries of the World, Corporate Logos, Countries of Asia and Countries of Africa. You can even take a stab at naming all the elements on the periodic table.

Anne  
O'Brien-Kakley

[anne@wanderer.com](mailto:anne@wanderer.com)

Some of the tests are incredibly easy, like naming the nine planets (yes, Pluto counts), to difficult, like naming U.S. area codes. Some are deceptive – one of the most popular quizzes on Sporcle is "Commonest English Words", where you have to name the top 100 words in the English language. Sounds easy? Try it – you'll be surprised how difficult it is.

The main challenge of Sporcle is that the quizzes are not multiple choice – you have to type in the answer and spell it correctly to "win" the quiz. The quizzes are timed, which means you only have three minutes to come up with all of the Disney Pixar films, six minutes to come up with all the NFL teams, etc. The limitation of time takes an already-fun quiz and adds a little adrenaline surge to the mix.

Like any good friend, I've dragged my pals into the trivial abyss. We spend our days trying to name all of the European countries, or listing the Beatles albums in chronological order. We stake our intellectual self-worth on comparing our Sporcle scores and sometimes — just *sometimes* — we get a little too competitive.

Be warned. Once you enter the time-wasting vortex that is Sporcle, you will cease all productivity. Dirty dishes will pile up in the sink. Your pantry will go bare. Your laundry pile may become a structural hazard. But you will learn an important lesson: there is no time for anything but Sporcle now.

# MOVIE REVIEW

## I Confess

By Rob Gonsalves  
www.robsmovievault.com

**Blood: The Last Vampire.** Starring Gianna Jun and Allison Miller. Directed by Chris Nahon. Running time: 91 minutes. MPAA rating: R.

Let's talk about the blood in *Blood: The Last Vampire*. It never looks like blood. It's not the usual ketchup squirting; it's been rendered in a computer, and it looks like a mist of dark globs floating in the air like fat houseflies. This same computer, which must've been a Commodore VIC-20 someone picked up on eBay, also renders vampiric beasts known as "chiropterans," which must be code for "looks really fake." I prefer the fake-looking practical effects of the past, which at least had a certain charm. When an effect is fake *and* coldly computer-generated, you just picture a bunch of nerds sitting at their monitors chugging Mountain Dew and trying like hell to get the effects done on a budget of \$1.98.

The movie, long in development (though not long enough), is a live-action reworking of a stylish and far more cinematic *anime* from 2000. That earlier film jumped in and got the job done in 48 minutes. This new one pads it out to feature length, adding scenes and entire subplots that have nothing to do with the *Blood* mythology and certainly don't add anything of interest. The basic premise is the same: Saya (played here by South Korean actress Gianna Jun) is a half-human, half-vampire who must destroy the chiropterans. The action unfolds on a U.S. naval base in Tokyo during the Vietnam War. Saya, who is hundreds of years old but looks like a teenager, infiltrates a school on the naval base to see if there are any chiropterans there.

*Blood's* original creator Hiroyuki Kitakubo was inspired by *Buffy the Vampire Slayer*, and the *anime* plays like a pilot episode for a show (the material later inspired the TV series *Blood+*, which got pretty deep into the mythology). The movie version appears to have been made by people who watched the first ten minutes of the *anime* and then decided to take the story

into the most clichéd direction imaginable. An American girl has been added — Alice, played by Allison Miller, who's sort of Kristen Stewart Lite, and Kristen Stewart is lite enough as it is. Allison's dad is a general on the base, and she keeps getting into vampire trouble that Saya keeps having to get her out of. The first major fight scene, which pits Saya against dozens of vampires, is completely unwatchable because it's shot so obliquely and edited so frantically to attempt to hide Gianna Jun's, to put it generously, *inexperience* at fighting.

The fights go on forever without even beginning to work up any excitement, and there are many scenes of people standing around in rooms trading solemnly ridiculous dialogue. Really, is there supposed to be any entertainment value in this thing, or is it *meant* to be a ponderously stupid endurance test? The material obviously worked better as an *anime*, but if they were going to go live-action, they either needed to spend more money or go all the way into bargain-basement cheese. If you make a giant bat-like creature in a computer and it *still* looks like crap, you might as well just put a guy in a suit; it'd look like crap at half the price. Anyway, it all leads up to a fight between Saya and her evil white-clad mother, and *that* goes on forever, with the combatants being thrown through buildings and poor Alice dropped from a great height into shallow water, which she somehow survives, and there's a laughably pretentious final line that calls back to Lewis Carroll's Alice, and ... My companion, an *anime* fan, said it best: "The only thing they got right was the first ten minutes. The rest of it is bull[bleep]."

Fund and the Old Rochester / Fairhaven high school ice hockey team will take place on Sunday, August 23 with sign in at noon and a 1:00 pm shotgun start. The event will take place at the Bay Pointe Country Club in Onset. The entry fee includes greens fees, cart, catered dinner, closest-to-the-pin, longest drive, and hole-in-one contests, raffle and a silent auction. For the past several years, money has been raised to build a multi-purpose outdoor arena for roller hockey, basketball, arena lacrosse, soccer and field hockey. As the arena nears completion, the 2009 tournament will also support the Old Rochester / Fairhaven ice hockey program.

Namesake Chuck Michaud was a football, baseball and most notably a hockey coach at Old Rochester High School. His charismatic style brought out the best in his players, both on and off the playing field. He died unexpectedly at a young age. Today, his legacy continues on the ice at Old Rochester as a former Michaud player is the current varsity ice hockey head coach.

## SALOME'S STARS

**ARIES** (March 21 to April 19) Is someone at work resisting that Aries charm? Hard to believe. But seriously, Lamb, you might want to back up your ideas with some solid data, and then watch the yeas pile on.

**TAURUS** (April 20 to May 20) Your hard work could pay off in ways you didn't expect, but certainly deserve. Tend to that pesky health problem now so you'll be in top shape to tackle the new projects coming up.

**GEMINI** (May 21 to June 20) Planning a family event can be stressful unless you make it clear from the start that you're in charge. You might accept suggestions, but it will be your decisions that count.

**CANCER** (June 21 to July 22) You still have a way to go to bring that professional matter to a satisfactory conclusion. Meanwhile, an important personal situation could require more of your attention by week's end.

**LEO** (July 23 to August 22) There's something about you Fine Felines that makes people want to tell you secrets. But once again, be wary of who is doing the telling. You might not want to be that person's confidante.

**VIRGO** (August 23 to September 22) Creating a fuss about a family matter might get everyone's attention. But it might be better to talk one-on-one with family members in order to spare a loved one unnecessary embarrassment.

**LIBRA** (September 23 to October 22) You're making progress on that career move, albeit not as quickly as you had hoped. But stay with it. Your personal life takes an unexpected (but very welcome) new turn.

**SCORPIO** (October 23 to November 21) If you feel you've been unfairly treated in a workplace decision, correct the situation now while there's still time to do so. Arm yourself with facts, and go to it. Good luck.

**SAGITTARIUS** (November 22 to December 21) Devising your own system of doing things might be the best way to handle an increasingly complex situation. But do it tactfully in order to avoid ruffling too many of your colleagues' feathers.

**CAPRICORN** (December 22 to January 19) A family member's health problem might once again require you to shift some of your current priorities around. But this time, make certain other relatives will be there to help.

**AQUARIUS** (January 20 to February 18) Catching up on tasks you've left undone will take a while to accomplish. But the sooner you complete them, the sooner you'll be able to take on another time-sensitive project.

**PISCES** (February 19 to March 20) You might feel swamped by all that you're expected to do. But take a moment to come up for air, then handle things one at a time, and you'll soon get through them all.

**BORN THIS WEEK:** Although you love being home with your family, you also enjoy traveling and making new friends.

The Bourne-Wareham Art Association will hold its 45<sup>th</sup> Annual Art Show & Sale on Saturday, July 25 from 10:00 am to 3:00 pm. The show is on the bluff at Onset. All artists are welcome to participate. Entry fee is \$15 for each ten feet of fence. Rain date is Sunday, July 26. The Bourne-Wareham Art Association was started in 1963 by a group of artists and art lovers in conjunction with the 50<sup>th</sup> Anniversary celebration of the opening of the Cape Cod Canal. Their purpose was to promote the appreciation of fine arts in the Canal area. The group was supported by many local artists, patrons, and local officials. In 1966, the Association had its first show in the Wareham Town Hall with Wareham Selectmen participating in the opening ceremonies.

The Association invites anyone with an interest in all the graphic arts to attend its monthly meetings. These are held in the Wareham Library or the Bourne Library on the second Saturday of the month from September through June. The Association has had an art show every year since 1966. These shows have enabled them to fund art achievement awards to more than one hundred graduating art students from both towns.

In addition, over one hundred regional and nationally recognized professional artists have demonstrated their methods and ways of producing their

seum experience come away with a new concept of the power of the whale in the human imagination -- representing nature's power, the lure of the unknown, a monstrous foe, and a once abundant resource. And the Whaling Museum exhibition also creates a bridge of understanding about how the whale has come now to symbolize our emerging understanding of our place in the natural world and how profound our impact upon it can be. Our hunt now is for knowledge: the better to apply the lessons of the past to the challenges of the future.

Enjoy the Whaling Museum experience and plan your visit at [whalingmuseum.org](http://whalingmuseum.org). The New Bedford Whaling Museum is the world's most comprehensive museum devoted to the global story of whales and whaling. The cornerstone of the New Bedford Whaling National Historical Park, the Museum is located in the heart of the city's historic downtown at 18 Johnny Cake Hill and is open daily. Become part of the Whaling Museum online community at [flickr.com](http://flickr.com), [facebook.com](http://facebook.com), and blog at [flukesandfins.wordpress.com](http://flukesandfins.wordpress.com). Just Like Cats & Dogs by Dave T. Phinns

## Amber Waves

by Dave T. Phinns

has continued to face a financial battle since opening the shelter ten years ago.

The shelter phone rings all day long - this is the time of year people are finding kittens under porches or in their yards. A Helping Paw will take in the kittens and rehabilitate them so they can be placed for adoption in loving homes, while spaying the moms so they won't breed anymore.

Shelter volunteers are afraid that without the money to rescue and care for these cats and kittens, they will be left out to take their chances, trying to survive on their own. Chrissy goes on to say, "It is a shame that there are so many more cats and kittens out there that need our help, but we have our hands tied, not having the money to help them."

To help these pets, the shelter is in need of any and all donations; monetary donations for medical care are most needed, but the shelter will also accept: canned cat food, clay litter, paper towels, regular bleach, and even antique and small furniture that can be sold at our thrift shop. Contact A Helping Paw, Box 387, Buzzards Bay, MA 02532, or supplies can be dropped off at 3166 Cranberry Highway, East Wareham. For more information please call AHP at (508) 759-2887 or email [ahelpingpaw@aol.com](mailto:ahelpingpaw@aol.com) or visit [ahelpingpaw.org](http://ahelpingpaw.org).

### Coalition for Buzzard's Bay

The Coalition for Buzzards Bay and the Town of Fairhaven have permanently protected 52 acres of forest land comprising a significant portion of the inland watershed to the Nasketucket River, Austin Pond, and downstream Little and Nasketucket Bays.

The land will be owned and managed by the Town of Fairhaven Conservation Commission. A small piece of the land will be held by the Coalition while it works to clear an existing title issue and then it will also be conveyed to the town.

The area, called Nasketucket Woods includes forest, freshwater wetlands, perennial streams, a vernal pool, and protected habitat for rare species, including the Eastern box turtle, in the immediate vicinity of the Nasketucket River. host family. All students are well screened, insured, speak English and come with their own spending money. The students arrive from their home country shortly before school begins and return at the end of the school year.

Host families provide room and board and guidance for their new son or daughter while experiencing the joy of watching a child grow academically and culturally. Each exchange student expects to bear his or her share of the household responsibilities as well as be included in normal family activities. When sharing your home with a student from another culture, your lives are enriched forever by your new lifelong friendship!

Couples, single parents and families are encouraged to apply. For additional information about hosting an ASSE exchange student, call Joyce McKenney at (207) 737-4666 or 1-800-677-2773. Also, please visit our website at [asse.com](http://asse.com) for additional opportunities through ASSE!

## ATTENTION DRIVERS

If you are involved in a collision you have the right to have your investment, your vehicle, repaired at a shop of your choice. Your insurance company may suggest a list of repair shops. Do not be persuaded by this list, it is not a guarantee of quality of services, nor does it limit your options. You want a shop who will work for you and with you to put your vehicle back to pre-accident condition. **COLLISION SERVICES OF MARION, INC.** is a licensed, bonded, registered repair shop with the state of Massachusetts. We work with all insurance companies to expedite your repairs. The important thing to remember is we repair the vehicle for you, our customers, not the insurance companies. So remember, if the need arises, contact **COLLISION SERVICES OF MARION, INC.** to get back on the road.

**AHA Celebrates One Decade**

AHA! (Art-History-Architecture) was formed in July 1999 as a collaborative non-profit partnership to establish Downtown New Bedford as the regional hub for arts and culture. Drawing on the city's diverse cultural resources, AHA! provides downtown celebrations on the second Thursday of each month, and pilots cultural economic development initiatives through private and public partnerships. The project operates as a committee of Downtown New Bedford, Inc. with a volunteer Steering Committee and in-kind programming provided its 35 downtown partner venues. For more information, including schedules, visit [www.ahanewbedford.org](http://www.ahanewbedford.org).

**Trolley Tour to Highlight Textile Mill Sites**

The New Bedford Preservation Society will sponsor a trolley tour of many of New Bedford's historic textile mill sites on "City Celebrates" Night, Thursday, July 30, at 6:00 p.m. The trolley will leave from Custom House Square.

New Bedford was one of the most important centers of textile production in the world at its peak in the early 1900s. The industry began in the city in 1846 and lasted until the 1980s. The legacy of this long and eventful history continues to affect the city today in profound ways. Please join the Society to learn more about the buildings, people and events

that shaped the development of New Bedford during this important era in the city's history. The tour will last approximately one hour and will be led by Society member Bruce Barnes. This event is free; seating will be on a first-come, first-served basis, non-handicap accessible.

**Dartmouth Country Auction**

The Dartmouth Friends of the Elderly will be hosting their country auction on Friday evening, August 7. There is a little something for everyone. Come join us and make a bid on some estate jewelry, home goods, artwork and furniture. It's a fun evening for everyone!

Viewing will be at the Dartmouth Council on Aging building from 5:30 pm – 6:45 pm, and the auction will start promptly at 7:00 pm with auctioneer John George Jr.

The kitchen will be open for dinner at 5:30 pm and will be serving homemade kale soup and cacolia sandwiches.

All of the proceeds from this event will go to the Dartmouth Friends of the Elderly and their support of the Dartmouth Council on Aging and other organizations that are providing assistance to our senior community.

We look forward to seeing everyone there to support this great fundraiser.

**I Found the Aardvark!**

Each week, hidden somewhere in the pages of *The Wanderer* is a tiny drawing of an aardvark. The little guy you are looking for looks exactly like the one pictured above (but don't put down this page as your answer, there's another one hidden somewhere in this issue).

Once you find the aardvark you can submit your answer online and if you are right you will get Aardvark Points! You can then use these points to get cool Aardvark Prizes!

Each time you find the Aardvark you will also be entered in our monthly drawing for other cool Aardvark Prizes.
